

Caliber

CONSTRUCTION, INC.

Welcome to 2010!

From all of us at Caliber...
Happy New Year !

Caliber Construction, Inc. was founded in 1991 on the concept that good service never goes out of style. By providing a high level of service, Caliber has been able to generate repeat business. Over 90% of the Company's revenue comes from prior customers. While maintaining growth consistently year after year, the Company has never lost sight of its core principals.

We invite you to find out for yourself why so many of our customers trust Caliber with their construction needs.

Building With Imagination

"Caliber Construction is committed to producing a premium quality product while maintaining the highest level of professionalism and integrity in our business practices."

At CALIBER CONSTRUCTION, we gauge our success by repeat business and referrals.

Our Goal is to ensure every project progresses smoothly and that all project time and management tasks are managed as efficiently and productively as possible.

We have the resources to ensure successful project completion and client satisfaction.

With the use of highly skilled professionals and clear "A" materials you'll receive the best in construction services.

Our Specialties Include:

- Tenant Improvements
- Industrial / Manufacturing
- Retail / Commercial
- New Construction

"The way we communicate with others and with ourselves ultimately determines the quality of our lives and our work."
~ Anthony Robbins

"At Caliber we start and finish projects the same way... on great terms with our clients. In every project we are committed to expedient completion, cost efficiency and quality standards."
